DESCRIPTION

3 spacious double cabins

Wheelhouse with a separate comfortable L-seat group

Luxurious salon

Interior design as desired

The interior of this yacht is exceptionally generous. The sleeping area in the aisle is accessible via a beautifully designed staircase from the wheelhouse. 3 spacious cabins are available, each for 2 people. The owner's cabin is particularly large and has direct access to its own wet cell with toilet and separate shower. There are also 2 more spacious cabins, a second wet cell with toilet and a second shower. There should be no shortage of storage space in the various cabins.

The wheelhouse with "Portuguese" bridge offers a wonderful view and has a comfortable seating area, which can also be used as an additional sleeping accommodation for 2 people. The pantry is spacious, in the comfortable salon there is a comfortable seating group. The flybridge, of course incl. external steering position, is accessible via the wheelhouse and gives you the ultimate freedom. The dinghy stationed here can be moved with the help of an electric winch. The professionally furnished engine compartment with many storage facilities can be reached via a side room ("Lazarett") on the aft deck and offers space for the power unit (standard) and much more ...

The washing machine is also installed in the also spacious adjoining room
