sunreef sunreef 70 Sail

4 599 000 € HT

DESCRIPTION

Le Sunreef 70, disponible à la vente en France, est un luxueux catamaran modèle 2022 d'une longueur impressionnante de 21,40 mètres et d'une largeur de 10,84 mètres. Conçu pour des performances élevées, il dispose d'un mât et d'une bôme en carbone, ainsi que d'une voile Gennaker avec un système d'enroulement électrique. Propulsé par des moteurs John Deere de 225 ch améliorés avec une capacité de carburant améliorée, il assure des voyages puissants et prolongés. Les systèmes électriques avancés comprennent un générateur de 19 kW et une configuration d'éclairage complète, faisant partie d'un système de contrôle domotique. La navigation et la communication sont gérées par un package Raymarine de pointe complété par un support satellite. Le confort est prioritaire avec une climatisation haut de gamme, un système de cinéma maison, plusieurs téléviseurs, une cuisine bien équipée et un module de bar sur le flybridge. La finition en teck assure l'élégance, complétée par une plate-forme hydraulique polyvalente et des fonctions de sécurité avancées.

Mécanique description

RIGGING AND SAILS

Carbon mast performance and carbon boom

Gennaker polyester in white

Complete gear for Gennaker/code 0

Electric furling system for Gennaker/code 0

MECHANIC

Upgrade base engines to 225hp (John Deere)

Folding propellers

Extension of fuel tanks to 2x 2000L (from 2 x1000L)

Bow thruster (2 pcs)

Extra engine throttles at the navigation table + engine control

Rope cutters on the propeller shafts

DECK GEAR

Composite bimini

Bimini windshield - transparent canvas only for the front

Bimini windshield - transparent canvas for 3 more sides

Upgrade of 3 manual winches by 3 electric winches

Upgrade of manual main sail winch by electric winch

Cover kit

ELECTRICAL SYSTEMS

AC-230V 50Hz 1PH: main switchboard with panel extension (manual change over shore-generators), 2 chargers (24V/100A), inverter (220V/50Hz/5000W), 2x shore power inlet 63A, 3x socket 230V in cabins, 4 in saloon, 4 in dining area and 4 in galley

Additional Charger Skylla 24V/100A

Additional Charger for engine starting batteries, one on each side

Generator 19kW, 50Hz, 230V

LIGHTS

"Domotic system for lights, controls, and D/C system, including dimmers for ceiling lights (Domotic system function:

- Lighting with dimming
- Navigation lights
- Control of valves and pumps of black water

Measurement:

- Tank level monitoring with alarm: fresh water, black water, fuel
- Battery and Victron charger monitoring with alarm: starter/ main batteries bank/ emergency batteries,

- Measurement of temperature in the engine room

Underwater lights LED (8 pcs)

Exterior lighting package, upgrade from standard (underlighting of fixed furniture on flybridge and cockpit - LED stripe in white; cockpit ceiling two LED stripes surrounding in white; LED white stripes instead of spot lights on skirts)

NAVIGATIONS & ELECTRONICS

RAYMARINE: 2x Axiom 12', Radar RD424HD 24" 4kW 608mm digital radome radar, evolution autopilot, AIS700, depth, speed & temp sensor, wind sensor, GPS, Ray90 VHF with dual station, searchlight + control unit, fog horn

Satellite Communication System Fleet One Cobham Sailor (including 2 years unlimited satellite data (speed 150 Kb/s) when out of GSM range and GSM data 3 and 4G (5GB/month high speed then unlimited 80Kb/s) in 145 country including caribbean and 1000 Min voice via satellite)

External analog camera (2pcs)

4G/LTE Wifi antenna worldwide

PLUMBING

Watermaker 280L/h - 220V

1 grey water tank 500L with electric pumps of additional extraction and piping installation

Sea water pump for washing the deck

Fresh water inlet (Connection between the boat's water network and the shore water supply)

Fresh water outlet for washing the deck

Retractable hose (5mb) in chain locker for chain wash

Shower head on the cockpit ceiling with mixing valve
